We Use Mrs Dowsons Ice Cream

For the past 60 years the Dowson family have traditionally farmed the gently rolling hills of the Ribble Valley. Their aim is to produce the tastiest ice cream possible. They are a family-run dairy farm that has diversified into making ice cream. As well as using all natural ingredients, and milk from their own cows on the farm. Our philosophy is to make real honest ice cream, by incorporating real natural ingredients rather than any artificial flavours. Because of this we are proud to produce a much tastier ice cream that is better for you!
